

Preawpan Siriphalangkanont

Mobile Developer

ADDRESS: 25 Phattanakarn road., Phattanakarn 57 alley,
Prawet, Prawet, Bangkok 10250

E-MAIL: siri.preawpan@gmail.com

TEL: (+66) 080 953 7819

KNOWLEDGE AND TECHNICAL SKILLS

- **LANGUAGE:** Thai, English, Chinese
- **PROGRAMMING:** Flutter, JavaScript, Python, Express, React, React Native, NodeJS, Golang, HTML, CSS, Assembly, Tkinter
- **DATA MANAHEMENT:** MySQL, MongoDB, SQLite, Hive
- **TOOLS:** Firebase, GCP, AWS, Figma, Git, Postman, Robot Operating System (ROS)
- **FIELDS OF INTEREST:** UX/UI Design, Internet of Things, Artificial Intelligence, Machine Learning, Blockchain

EDUCATION

- **THAI-NICHI INSTITUTE OF TECHNOLOGY (2024 - 2026)**
 - Master of Science, Information Technology (4.00)
 - **THESIS:** Seeable: Development of an Indoor Navigation Application and Obstacle Alert System for the Visually Impaired at Thai-Nichi Institute of Technology
 - **PUBLICATIONS:** An Indoor Context-Aware Obstacle Detection Application for Visually Impaired Users
- **CIVIL AVIATION TRAINING CENTER (2017 - 2021)**
 - Bachelor of Engineering, Aviation Electronics (2.85)
 - **PROJECTS:**
 - PM 2.5 sensor monitoring system with automated alerts via Line.
 - Designed Electronics Circuit of Solar power bank

ACHIEVEMENT

- **Foundations of User Experience (UX) Design** - Google
- **Foundations of Project Management & Agile Project Management** - Google
- **Cybersecurity Foundation & Cybersecurity Professional Course** - Thailand National Cyber Academy (THNCA)
- **Chinese for HSK 1 - 2** - Peking University

WORK EXPERIENCES

- **MOBILE DEVELOPER | Freewill FX (Aug 2022 - Present)**
 - **SiteInsight by SCG (Flutter & Golang)** – mobile CRM app for managing project sales, customer sites, and sales activities
 - **Cloudtime Passenger (Flutter)** – employee shuttle booking app with routes, bus stops, and travel history
 - **True Delivery Tracker (Flutter)** – real-time delivery staff tracking and delivery job status monitoring
 - **Cloudtime Patrol (Flutter)** – checkpoint patrol monitoring with incident and emergency reporting
 - **Cloudtime Attendance (Flutter)** – workforce attendance tracking with leave and overtime management
 - **Smart QC (Flutter)** – construction quality control with workforce and plant tracking
 - **Terminus Technician (Flutter)** – ftechnician management system with firmware validation and maintenance workflow support
 - **Terminus (Flutter)** – fleet management system with vehicle tracking, delivery operations, alerts, and video playback features
 - **Linktrack (Flutter)** – logistics tracking with Google Maps integration for real-time tracking and vehicle monitoring
- **SOFTWARE ENGINEER | mμ Space Corp (June 2021 - July 2022)**
 - **Internal Portal Website (React)** – employee system with attendance tracking, van reservations, and purchase requisition forms
 - **Battery Management System (Flutter)** – real-time battery monitoring and configuration display
 - **Autonomous Robot Application (Flutter)** – real-time data visualization and remote robot control
- **ELECTRONICS ENGINEER | mμ Space Corp (February - June 2021)**
 - **Inventory Management System (Python)** – inventory tracking and management
 - **Environmental Monitoring System** – real-time dashboards for gas, temperature, and humidity sensors
 - **Embedded Systems Development (Assembly)** – low-level programming for hardware control
 - **BLDC Motor Control System (Arduino)** – motor development and speed control
